

2024 ELECTION TRIBUNAL SUMMARY

YOUX BOARD DIRECTORS

The entire election has been declared void with no positions declared.

Filling of these positions will now be managed in accordance with YouX (AUU) Constitution clause 22.5 Voided Elections. A copy of the clause of the Constitution can be found [here](#).

Further Actions:

- All candidates who campaigned as 'Progress' candidates in the 2024 election are prohibited from any form of campaigning, whether as a candidate or as a campaigner for others, for the first two days of the elections to be re-held; and
- No other person may campaign, whether in the capacity of separate candidate or as a campaigner, for any candidates who campaigned as 'Progress' candidates in the 2024 election, for the first two days of the elections to be re-held; and
- No other general campaigning conduct may be conducted on campus by or on behalf of candidates who campaigned as 'Progress' candidates in the 2024 election, for the first two days of the elections to be re-held. General campaigning includes such things as the display of banners or posters, or participation in any events connected to the election.
- For the avoidance of doubt, any candidates affected by this decision may nominate for positions and may submit manifestos in the normal manner. However, there is to be no Progress presence on campus, whether in the form of candidates and campaigners, or other general forms of campaigning. This direction is to be understood as affecting the people, not the 'name': that is, the direction is not to be circumvented by the Progress candidates or a substantial portion of them re-branding to a different name.
- Declared that Mr O'Donnell not be elected to the position as a YouX Board Director, and that the person who came next in the initial count be appointed instead to this position in lieu of Mr O'Donnell. Declares that Mr O'Donnell is prohibited from having any involvement in any capacity in any subsequent election or elections until the end of calendar year 2025.
